## 1. Purpose of This Website

This website provides general information about our clinic, our licensed medical providers, and the integrative services we offer. The content is intended to educate and inform current and prospective patients about our approach to care. ## 2. Medical Information and Patient–Provider Relationship

The information provided on this website — including articles, videos, and educational resources — is for general informational and educational purposes only.

This information is not intended to diagnose or treat any condition and should not be relied upon as a substitute for individualized medical care.

However, when you receive professional services through our clinic — whether in person, through telemedicine, or as part of an established treatment plan — that interaction does constitute a legitimate patient–provider relationship governed by applicable medical, ethical, and privacy standards.
